

This Is What an Engineer Looks Like: Civil Engineer Edition *coloring page*

Draw what your
hair looks like
here!

Hint: A lot of vests for
these engineers use
neon colors!

Facts!

Civil engineers help build our cities from the ground up. A cool thing about this area of engineering is that so many different fields of sciences are involved when you think of the elements of a building, bridges, or metros.

Challenge!

Can you think of anything you have been in a civil engineer has built?

- 1.
- 2.
