

This Is What an Engineer Looks Like: Aeronautical Engineer Edition *coloring page*

Draw what your
hair looks like
here!

Draw the flag of the
country you were
born in or where your
family is from!

Facts!

Aeronautical engineers are responsible for the planes we see in the sky everyday! The parts of the airplane travel far and wide to be assembled so we can go on vacations or help others.

Challenge!

Research one of the following terms to learn more about the parts of a plane:

- fuselage
- airfoil
- elevators
